Lincoln County School District would like to formally submit a Request for Review to the FCC. The purpose of this request is to amend a service start date on a Form 486 application. This request follows an appeal filed with USAC to make this modification. The appeal was filed with USAC on May 01, 2007. The response was a denial with the reason that they could not consider the appeal because it was more than 60 days after the 486 notification letter was issued. Enclosed are copies of the original appeal letter to USAC and their decision on the appeal letter.

Below is the information involving the application at hand for your review:

Form 471 Application - 477221  
FRN - 1317673  
Service Provider - Verizon Network Integration  
Service Provider SPIN - 143004468

The Funding Commitment Decision Letter for the above application was received 1-17-2007. The Form 486 was filed on 2-16-2007. The Form 486 application number is 381215. The service start date was inadvertently listed as 3-30-2006. It should have been 7-01-2005 as originally stated on the FRN.

Due to the confusing language of the Form, the date used was actually the date that a Lincoln County Schools employee, a Network Specialist, completed the installation of the equipment, not the Service Provider Delivery Date. In an attempt to correct the error a Form 500 was filed. I was informed by USAC that they could only revert back to October 2006 because of the 120 day limit for the Form 500.

Lincoln County School District formally requests that the FCC allow the correction of the service start date due to a clerical error, from 3-30-2006 to 7-1-2005. If you require additional information, please contact me at your convenience.

I would like to make an appeal to the USAC to change a service start date on Form 486 application. Here is the information on the application:

Form 471 Application - 477221  
FRN - 1317673  
Service Provider – Verizon Network Integration  
Service Provider SPIN – 143004468

I received our Funding Commitment Decision Letter on 1-17-2007 and filed the 486 on 2-16-2007. The 486 application number is 381215. I put the service start date as 3-30-2006 and it should have been 7-01-2005 as stated on the FRN. The 3-30-2006 was the date that our county Network Specialist completed the installation of the equipment not the service provider delivery date. I filed a Form 500 to change the date and they could only back up to October 2006 because of the 120 day limit for the Form 500. I am requesting that the USAC allow the correction of the service start date, because of the clerical error, from 3-30-2006 to 7-1-2005. If you require additional information please contact me at your convenience.

Thank you,

Decision Letter Date: February 28, 2007  
Date Appeal Postmarked: May 01, 2007  
Your Correspondence Received: May 04, 2007

Our records show that your appeal was postmarked more than 60 days after the date your Form 486 Notification Letter was issued, as shown above. Federal Communications Commission (FCC) rules require applicants to postmark appeals within 60 days of the date on the decision letter being appealed. FCC rules do not permit the Universal Service Administrative Company (USAC) to consider your appeal.

If you believe there is a basis for further examination of your application, you may file an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be POSTMARKED within 60 days of the above date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found in the "Appeals Procedure" posted in the Reference Area of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.
